CHAIRMAN'S MESSAGE

CHAIRMAN'S MESSAGE

It is my great pleasure to extend cordial greetings to the readers of this catalogue.

I would like to share the history of our Business. Latif Sons was established in 1965 by Mr. Muhammad Latif, my father in the business Hub of Lahore, Brandreth Road, Chowk Dalgirah. At that time the company was offering variety of Tools & Hardware products,

In 1982, the company initiated with the setup of HVAC products & at that time there was hardly a demand of such items in the market. Carrying a legacy of excellence and quality today Alhumdulillah, 'Latif sons profoundly proclaim the name of Trust & Quality. At present, Latif sons, is one of the direct importers of several products from a number of countries and furthermore the Manufacturers of Copper Hard Temper Pipes. The company flourished exponentially and became the leader in the HVACR industry, expanding operations across the nation. We are committed to provide the Best Quality products & to introduce the new tech to the Hvac Industry

Tahir Iqbal Kayan

INTRODUCTION

Latif Sons is one of the pioneer whole seller in the HVAC industry. We have been serving this industry for the last 30 years. Providing the best quality products at the best competitive price to our customers is always the priority of us, this is why we have been known as the symbol of trust & Quality to our customers.

Today, we are not only the largest whole seller of our product categories in Pakistan but also the one offering the widest range of choices in highly cost-effective and immensely creative products.

We mainly deal in Industrial Refrigeration Components, Gauges, Valves, Fittings, Ducting products, Copper piping & many of the other products used in the HVAC industry. We have been manufacturing our own copper hard temper pipe in our factory. A journey of 30 years of a wholesaler now has turned into a Manufacturer also.

Coming from a background in HVAC industry over 30 years ago, Latif Sons has progressively developed further ranges making us a key player in this industry. We listen to our customers and respond to requests for new products. We invest in developing and sourcing 'hard to get' lines which is what essentially sets us apart.

As our endeavors towards making living more and more worth living to continue, we are thankful to Almighty Allah and take pride in the effective role we have been able to play in positively changing the lives and lifestyles of our people.

MISSION

Satisfying Customers is our priority mission in Business. Best Quality Products at the Best Competitive prices to our customers made us the symbol of trust & quality in the HVAC industry. We are determined to do business in terms of Quality & found that it always pays back in a pretty positive manner. We always have & are struggling to gain customer utmost satisfaction after having business with us.

VISION

Making Latif Sons the obvious choice for our Customers in our Served Markets, by offering a Superior Value Proposition to provide high-quality services.

- Integrity in every relationship
- Reliable and dependable in any event
- Exceeding your expectations

PRODUCT SHOWCASE

- Copper Pipes (hard temper).
- Copper Coils (Soft temper).
- Copper Fitting.
- Insulation foam pipe.
- Brass Fitting for HVAC Connections.
- Hand Tools used for HVAC installation.
- Danfoss Components.
- Castel Components.
- Saginomiya Components.
- Dwyer USA.
- Valves.
- Gauges.
- Vibration Absorber pipes.
- Refrigerant Gases.
- Glass Wool Rolls.
- Glass Wool pipes.
- Duct Cloth.
- Glue.
- Compressor Oils.
- HVAC Measuring & Detecting Equipment.
- Industrial Fan Blade & Motors.
- Brazing Alloys.
- Rubber Mountings.
- Variety of Tapes.
- Air Curtains.

Other Components used in Industrial Chillers.

Copper Tubes & Pipes

We are the Leading Suppliers of Hard Temper Copper pipes in the country & we also have a complete range of Copper Coils from multiple origins which include, China, Korea & USA.
